- Strengthening Skills for Connected Communities

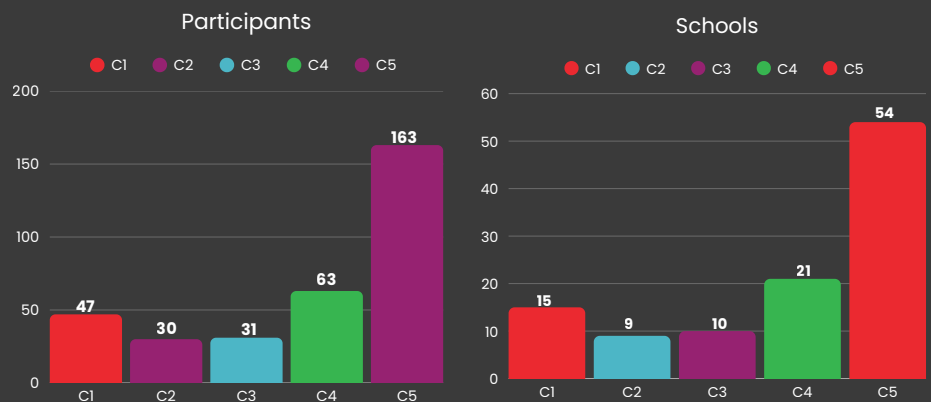

### COLLABORATIVE POD EXPERIENCE

- School teams from across WV connect to explore content, problem solve, and share perspectives.

"This was a **tremendous opportunity for our school to grow in family engagement**. Each content session was diverse and beneficial, and the pod activities were **rigorous and professionally relevant**. I got far more than I expected from the LIFE program. Given the reputation of WV FEC, I anticipated value, but the content and idea exchange **exceeded expectations**. Thank you for allowing me to be part of this **impactful experience**."
